PROJECTS

Landing Page in Django

https://github.com/dassuman2001/Django_restaurant_page

When a customer books a table, they will be notified by email with the booking details.

Portfolio website

<https://sumanpersonal.netlify.app/>

I have created a new portfolio using Bootstrap. Whenever someone fills out the contact form, I will receive an email. To achieve this, I have integrated EmailJS into the website.

Image to PDF converter
